NEW ENGLAND BASEBALL LEAGUE

Annual Meeting Held and Schedule Adopted—Amendment to Constitution.

Boston, Feb. 24.—The annual meeting of the New England League of Baseball Clubs, held in this city today, resulted in the adoption with only a few minor changes in the schedule for the coming season as submitted by the committee. The schedule provides for a total of 128 games for each club. A committee was appointed to report on the selection of an official ball for next season. The members adopted an amendment to the constitution requiring that the president, manager and treasurer of each club join in a statement twice a month giving a list of players under contract and their salaries, failure to do which is to be punishable by a fine of \$25 per each day. It was voted also that no player may participate in more than five games before signing a contract. In the absence of President W. W. Wadsworth, D. F. Clough of Haverhill presided.

Many of the Fair Sex Will Be at the Alloys to See the Norwich Couple Win.

Mr. and Mrs. J. J. C. Stone are expected to go to Hartford on Thursday night to roll their team in the first of a series of matches with Mr. and Mrs. W. L. Smith. It is expected the games will be rolled at the Casino and will be a great success. The following week there is much interest in the announcement of the coming games and there is promise of a large gallery to cheer on the women when they start the balls rolling on the local alloys.

I would like to play them for fun, money or mables. Now it is up to the manager of the Jewett City basketball team to answer to this letter in your paper. Please publish this letter in your paper.

COPA DE ORO TO MEET PIRILLI
Will Be Big Event Before Windham Athletic Club.

L. N. Dondero of the contest committee of the Windham Athletic club stated Friday afternoon that he had arranged for a wrestling match between the club for next Wednesday night between Copa De Oro and Jack Pirilli. The match should be a good drawing card, as both men have wrestled in the first of the first round. Pirilli is a former champion of the world and is a very strong wrestler. They are similarly built and are expected to be a roughhouse match. Good prize money is also slated for the same night.

HENDEKS WANTS MATCH.
Challenges Any 125 Pounder for a Mat Argument.

Young Hendeks desires to challenge

any 125 pound wrestler who is willing to take him on. Young Hendeks is making his headquarters in Williamstown at present, having recently returned from Boston. He can be reached by writing to the Thread City Candy Kitchen.

Yale Will Do Her Best to Win on the Thames.

The past week has brought no change at the Yale boathouse except that Fred Patented, formerly champion sculler of the world, has taken charge of all the class crews and John Kennedy will have only to pay attention to "variety." This shows the heroic efforts which are being made to win at the new Yale boathouse. There is no change in the makeup of the first crew this week and it is probable that there will not be for the present.

STOCKS.

At the Boston arena Saturday night, Cornell's team became the undefeated intercollegiate hockey champions of 1911. The individual and team play of the Ithacans was consistently brilliant, while the Dartmouth men's passing play was very unfortunate at times. A dozen penalties were imposed for foul play.

CLOSE GAME BETWEEN TEAMS OF OWLS.

No One Was Out by Two Pins and Each Has Won Three Games.

At the Rose alleys on Friday evening there was a spirited game between Teams One and Two of the Owls. The teams were tied and the next meeting will be for blood. Johnson's error in the last box was a big factor in winning the game. The high single was 97, made by Donohoe, while the high total, 273, was also made by him. The summary follows:

Team 1.
George 82 91 81-254

INJURIES REDUCED WITHOUT AFFECTING THE INTEREST.

President Lowell of Harvard Thinks New Rules Regarding Football Make Game All Right.

President A. Lawrence Lowell of Harvard is authority for the statement that the revised football rules which have reduced materially the injuries which have heretofore characterized the game, when the players are made more familiar with the new rules the injuries will decrease in proportion. In his report to the board of overseers of the university.

The feeling that intercollegiate games of football were too dangerous to life and limb has resulted in an effective revision of the rules. These have not, perhaps, been in operation long enough to produce their ultimate results.

"It would seem that the teams in college leagues have not yet become accustomed to them, but the changes have certainly not made the game a less interesting spectacle, and among Harvard's players, at least, the injuries have been greatly reduced."

WITH THE BOXERS.

George Cotton, once Johnson sparring partner, was boxing with Sylvester, in Reno. After his bout with Morris Harris, all are ready to meet each other.

Hugh Kelly, the Chicago middleweight, has been matched to fight Jim Smith in New York March 7, and Frank Klaus, the St. Louis star, on March 10, in the same city.

It is said that Kid McCoy will again enter the ring in the near future, and is scheduled to box six rounds with the same city, Jack O'Brien's club in Philadelphia.

The Sullivan clan of fighters from Boston has left Buffalo for the west. Jack (Twins) and his brother, Dave Sullivan, for a match with Jim Flynn, while Mike (Twins) is on his way to Milwaukee to take on Bob Aloha in the Cream City.

PERTINENT SPORTING PARAGRAPHS.

Cornell has won the intercollegiate hockey tournament with Harvard second and Yale third.

Ad Wolgast, the lightweight champion, has been matched to fight George Menzies 20 rounds on March 17 at Los Angeles.

All over the Ban Johnson league it is agreed that the only hope Connie Mack has of strengthening his team lies in buying some new bats and a little good second base.

Russell Ford of the Yankees and King Cole of the Cubs established world records by winning 80 per cent. of their games last year. This had never been done before by any year pitchers.

Including Tots Schultz of Penn. the Phillies have sixteen pitchers, the others being: Ewing, Rowan, Stacker, Chalmers, Beebe, Brennan, Alexander, Humphries, Wilhelm, Thomas, Shetter, Baxter, Slater and Culp.

Yale and Williams, who haven't met on the gridiron for several years are negotiating for a football game for next fall. Yale has one or two vacant dates, or did the method that he always called Tex Rickard over to the ring-side that day when he was sick and unable to do his best? Then why did he not request Rickard to call his name and tell him that he was sick?

"Why, because he was in the job, and he profited along with the rest of the crowd, and that's the real truth of that affair at Reno."

T OTHE MAINE LEAGUE.

Michael Sheehan, the ball player, who brought out Hugh Duffy, now manager of the Chicago Americans, was in South Manchester recently, visiting his brother, John Sheehan. Hugh Duffy and Michael Sheehan were employed as weavers in one of the small cotton mills in the early 80's. The first cloth that Duffy wove was so poor that he was fired. This so enraged him that he threw up his job and with the money earned by Sheehan he went to Rockville and secured a position as weaver. Duffy's rise as a ball player is well known to the fans, and he has become an outfielder in the Boston Nationals. Sheehan, although considered a better ball player in those days than Duffy, went west and played on teams in Indiana. Sheehan says that his desire to help a friend is what put him out of organized ball. Sheehan left for Maine and at least one Manchester player is to be given a chance in the Maine league as a result of his visit.

The Philadelphia Americans and the Chicago Americans were to play at Chicago on May 26 for the benefit of the family of the late Fire Marshal James Horan, who lost his life in the earthquake fire two months ago. The dead fireman was a baseball fan and the promoters of the benefit expect to make it one of the biggest events of the kind ever attempted. The gross receipts are to go to the family.
